Subject: Call with LA Water Board re: LADWP

I called and was able to talk separately with Paula Rasmussen (AEO) and Hugh Marley (Enforcement Manager) at LA Water Board. Both appreciated the heads-up and were pleased to hear about the upcoming action we have with LADWP. Both were impressed with the amount of mitigation we were able to obtain and Paula indicated they have often had favorable

results with LADWP. They will give their Board members a heads-up about this on or about the August 14 hearing (or earlier, if information is publicly available through LADWP website). I indicated we are planning a press release on August 14. I also just let Julie Anderson know we're planning to have press on 8/14 so she'll let Kelly and Nahal know. – David
